Social isolation can lead to higher levels of stress and depression in a family caregiver. Faith communities can offer support, respite and comfort to the family caregiver and recipient. The Community Foundation of Western Nevada will be leading a discussion on what it means to be a caregiver, what resources are available in our community for caregivers, and ongoing efforts to make the lives of caregivers easier. Please bring your thoughts and questions as we explore resources available to caregivers in the Reno area. Light refreshments will be provided. We look forward to seeing you!
